TODAY

A Plot of Grace

A Glimpse of Costly Faith Among the Unreached

In Central Asia, pressure on believers is rising as more Muslims turn to Christ. One of the clearest signs of that pressure comes at a moment of deep grief. When a believer from a Muslim background dies, local cemeteries often refuse burial. In communities where burial is deeply contested, that denial brings public disgrace to grieving families and can leave them fighting for years in court before they are able to bury their loved one.

In early 2025, as stricter laws tightened around the underground church, God opened a door. One of our church planters was appointed village head. Through months of meetings, he secured something historic: a fenced plot of land set aside for Christian burials.

That ground did more than solve a legal problem. It lifted fear, restored dignity to families, and gave the local church courage to keep moving. Today, the village has three house fellowships, ten believers of Muslim background training to plant churches, and people continuing to publicly profess faith in Christ through baptism. Your partnership helps make victories like this among the unreached possible.

TOMORROW

63 BY 2030

Expanding Gospel presence through local leadership and intentional growth.

Global Fellowship serves in 43 countries today. By 2030, we aim to expand to 63 unreached nations by prayerfully raising local believers who can plant churches where outsiders cannot go. As Paul wrote, *"It has always been my ambition to preach the gospel where Christ was not known."* Romans 15:20

THE STRATEGIC FRAMEWORK

01

Expanding to 63 Countries

We are entering new countries where trusted local leaders are already planting and strengthening churches.

02

Scalable Structures

We are developing regional teams that support each area directly, with structures that respond to local needs and allow for healthier growth and stronger regional ownership.

03

Leadership Development

We are strengthening regional leaders and equipping the next generation to carry the work forward.

TOGETHER

Dear Partners,

Thank you for standing with Global Fellowship in 2025. Because you gave and prayed, workers remained present in places where following Jesus carries real cost.

We remain focused on bringing the Gospel to people who have never heard the name of Christ, and on strengthening local believers who can plant churches where outsiders cannot go. That calling shapes our strategy and directs our work.

We take stewardship seriously. One hundred percent of funds designated for the field go directly to the field. We handle that trust with care, accountability, and a long view of what will last.

As we look ahead, we are moving forward with clear priorities. We will keep raising up leaders, building regional teams, and entering new nations as God opens doors and trusted local partners are ready.

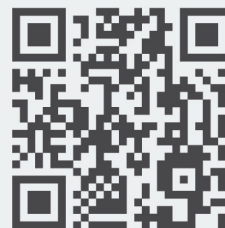

Thank you for linking arms with us. You are part of what God is doing in hard places, and we are grateful to walk this road with you.

With gratitude,
Jeremy Beaumont & Conrad O'Brien
