

YERSYN & YULIYA

Our family has been dedicated to taking the Gospel to the Kazakh people since 2019; alongside our three children, we labor to bring the Good News into villages where there is not one Gospel witness.

Islam is the main religion among Kazakh people, and only 0.07% of them are following Jesus. The need in the villages and small settlements are immense.

In most villages, there is not one believer to share the Good News. There are no Bibles or churches for the people to even have an opportunity to hear about Jesus. These same villages have many physical struggles as well, unemployment and alcoholism are widespread; and suicide is higher there than the rest of the country. Most children grow up in single-parent families, with divorce rates being high and there not being much encouragement around healthy relationships. Our vision for these villages is for them to hear the healing ministry of the Gospel and for all their lives to see change from the inside out.

We currently work in Pavlodar region, where there are nine villages. However, there are more than 300 villages to reach with the Gospel in Kazakhstan. We hold home meetings and bring the Gospel to them in a way that they could culturally receive. We also help single mothers who have 5-10 children with food baskets as they are in dire and have food insecurity. Praise God! We have seen how our Savior brings His light and love to transform the fate of the Kazakh people.

Please pray for the Kazakh people we are reaching and the teams we hope to send out to different villages. Please pray over the small communities of new believers that are being born so that they will continue to influence and raise new disciples of Jesus. Thank you for your support and partnership of our ministry and the work God is doing through our family. All Glory and Praise to our Lord.
